Broderie Anglaise Collars

Note: If your needle moves when you switch your machine on, don't put the wing needle in until your machine is switched on and the needle has adjusted itself.

If you are unsure if your machine can take a wing needle, please check with your dealer first.

When using a wing needle, please use an embroidery foot with a biggish hole.

The Bernina Artista tear drop foot does not work with the wing needle so its suggested that the no 9 darning foot or the no 15 embroidery foot is used.

I used the no 9 darning foot on my Bernina Artista to stitch out the wing needle designs.

Now to Make Your Broderie Anglaise Lace Collars

Hoop two layers of water soluble stabilizer. Stitch the first color.

Place a piece of cotton fabric over stitched area and stitch the second color.

Remove the hoop from the machine and trim the fabric.

Materials

Water Soluble Stabilizer

Cotton Fabric

Wing Needle

Stitch the rest of the design but DO NOT stitch the last color. This color is done using a wing needle. Change the needle to the wing needle and stitch the last color. Wash out the stabilizer.
