## Christmas Place Setting Instructions

### Christmas Place Setting

I used two layers of water soluble Vilene. I also used Marathon threads for both upper and lower threads. Rinse out the water soluble Vilene according to the manufacturers instructions. When dry, assemble as follows:

#### The dinner mint bowl:

Stitch out the base and six sides accordingly. Using hot glue (glue gun) glue the sides of the bowl to the base and to each other. When glue has cooled the bowl is ready to use.

#### The napkin holder:

Stitch out the napkin holder and remove water soluble Vilene. Thread a broad ribbon through and tie at the back of the napkin.

#### The bottle ornament:

Stitch out the bottle ornament and remove water soluble Vilene. Thread a narrow ribbon through and tie around the neck of the bottle.

#### The cutlery holder:

Stitch out the cutlery holder and remove the water soluble Vilene. Thread a narrow ribbon through and tie at the back or front of the cutlery as desired.

#### The name place tag:

Stitch out the name place tag and remove the water soluble Vilene. Write out the name on a piece of cardboard and insert the end of the cardboard into the slits.

#### The wine glass charms:

Stitch out the wine glass charms and remove the water soluble Vilene. Using a plastic curtain ring slide the ring through the loop on the charm. Keeping the plastic ring open, slide the ring around the base of the glass.

#### The candle ornament:

Stitch out the candle ornament and remove the water soluble Vilene. Thread a broad ribbon through and tie at the back of the candle.

#### The window ornament:

Stitch out the window ornament and remove the water soluble Vilene. Thread a piece of ribbon through the loop and attach to the window with a piece of clear sticky tape or hang the ornament onto a clear suction cup on the window.

### Materials

**Water soluble stabilizer**

**Embroidery thread in colors of your choice**

**Hot Glue**

**Ribbon**

## **The coaster:**

Stitch out the coaster and remove the water soluble Vilene. Place on tables to prevent the condensation from glasses from damaging or marking those lovely table tops.

## **The napkin design:**

Use either a ready made napkin or make one using a 45cm x 45cm square piece of cloth. Using two layers of lightweight tear away hoop fabric and tear away where the design is to be placed. Stitch out design and remove stabilizer.
