

Threads n Scissors

Activity pages and Coloring Books

Method

Hoop a single layer of tearaway stabilizer. Stitch out the activity / coloring book pages in colors of your choice. Use a pair of decorative scissors and cut the sheets out.

Let the children have fun coloring them in and doing the activity pages. These make quick and easy gifts or just to have in the house for when your grandchildren visit. Keep crayons handy to go with the coloring and activity sheets.

Materials

Cutaway Stabilizer

Embroidery Thread
