

# Threads n Scissors

## ESL Baskets

Stitch out 2 x fron ( design1 or design2)

1 x handle

1 x base

2 x sides

### Materials

**Water soluble stablizer**

**Embroidery Threads**

Hoop 2 layers of water soluble stabilizer. Stitch out the above pieces. When all the pieces are stitched out, lightly rinse out the stabilizer but don't soak the pieces. Lay the pieces flat to dry.

When the pieces are dry, use your sewing machine to sew the pieces together using a zig-zag stitch. Stitch the base to the bottom of the front pieces. Stitch the sides to the base and then stitch the side pieces to the front pieces.

Lastly, stitch the handle to the front pieces
