## Frayed Edge Applique

Prepare your printed cotton fabric. I cut pieces measuring 7" x 11". Iron on vilene to the wrong side of the fabric.

Hoop 1 layer of stabilizer and backing fabric. Stitch the first color. This marks where to place fabric. Put a piece of fabric over stitched area and stitch next color. Trim fabric from around the stitch area. Continue in this way until the design is covered in fabric. Most designs have two or three pieces of fabric that are placed in this way. Sometimes there might be more.

### Materials

**Iron on vilene**

**Printed cotton pieces**

**Backing fabric (cotton)**

**Cutaway stabilizer**

**Thread**
