

Threads n Scissors

Enjoy Your Inspiration!!!

Pocket Finger Mitts

Note: Color stops have been added to the design. Use colors of your choice.

Method

Hoop 1 layer of cutaway stabilizer. Use a thread that matches your fabric.

Stitch the first color. Remove the hoop from the machine. Place a piece of heat proof batting and a piece of cotton fabric over the stitched area. I used temporary adhesive spray to hold the layers together.

Materials

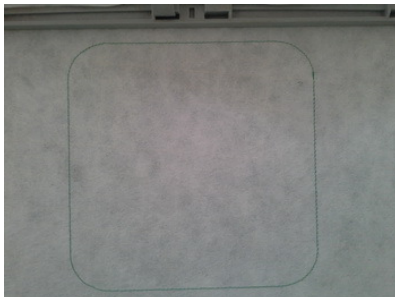

Cutaway stabilizer

Heat Proof batting

Cotton fabrics of your choice. (I used pieces from my quilting bin)

Temporary Adhesive Spray

Pinking Shears (scissors with a zig-zag blade)

Stitch the design out until there are 2 color changes left.

Stitch the next color in a thread that matches the fabric. This will mark where to place the corners. Cut 2 squares of fabric 5 inches x 5 inches. Fold the squares corner wise to create a triangle each. Use temporary adhesive spray to hold the triangles closed

Place the triangles onto the markers with the closed side facing towards the design. Use temporary adhesive spray to hold in place

Place a piece of cotton fabric over the entire design.

Stitch the last color. Cut the design out of the stabilizer and trim the batting close to the stitching. Use pink-ing shears to trim the fabric. Leave extra fabric around the opening to make it easier to close.

Turn the design right side out. It is a bit tight as the opening can't be too big. I used a knitting needle to help with this. Close the opening with a bit of whip stitch
