Remove the hoop from the machine. Turn it over so the back side of the hoop faces up. Spray with temporary adhesive spray and place another piece of fabric to cover the area. Stitch the next color. Remove the hoop from the machine and trim away excess fabric from both sides of the hoop. Stitch the last color.

Cut the design out of the stabilizer. Attach a clasp and a few jump rings if needed. These can be stitched on a variety of colorful fabrics. Use metallic threads or normal embroidery thread in colors to match your clothing.

These can also be used as bookmarks. Just leave off the clasp. Attach a ribbon or tassel to make it extra decorative.
