Remove the hoop from the machine. Turn it over so the backside of the hoop faces up. Cut a piece of ribbon about 1/2 an inch. Fold ribbon in half to make a loop. Use magic tape to hold the ribbon in place at the top of the design. Cut a piece of cotton fabric and place over the design. Use temporary adhesive spray to hold in place. Stitch the second to last color.

Remove the hoop from the machine and trim away excess fabric from both sides of the design. Be careful not to cut the ribbon. Stitch the last color. Remove the stabilizer.

And that's how easy it is to make a ITH Key Fob!
