Now Stitch Design 1

Hoop 2 layers of water soluble stabilizer with a piece of white cotton fabric.

Stitch first 5 colors. Stitch next color. This is a marker to place the gathered piece (design 2). Use magic tape to hold the piece over the stitched marker. Be sure the gathered piece overlaps the stitched marker. Stitch the next color. Place a piece of water soluble over the design and stitch out the rest of the design.

To finish, rinse out the stabilizer.
